About us

We don't just deliver services — we craft creative strategies

Rosomat Digital is a digital marketing agency founded in 2016, specializing in brand building and innovative advertising campaigns. We turn marketing into real results through data-driven strategies that boost sales and grow businesses.

Our team brings together creative minds and diverse expertise, united by one passion: launching brands that come alive and reach their audiences in the most powerful ways.

From Saudi Arabia to Oman, we partner with our clients on their digital journey — turning challenges into opportunities and ideas into success stories.

- **Innovative digital marketing strategies**
- **A team of diverse creative expertise**
- **Success partners on our clients' digital journey**

Why Rosomat

Why we're best placed to meet your needs

01

Experience since 2016

Every team member brings over five years of experience.

02

Data-driven decisions

We track every riyal spent and turn it into measurable results.

03

Certified partners

We work with the world's leading advertising and analytics platforms.

04

Around the clock

A professional team that performs under pressure to meet your business needs.

Our style

How we work at Rosomat

We write

We turn standout ideas into words, then refine them into the simplest, most relatable language for your target audience.

We speak

We build integrated ad campaigns that serve all your goals, drawing on our digital marketing expertise across every evolving channel.

We research

Using the latest technology, we monitor every detail surrounding your content and social campaigns, and analyze the data through multiple lenses.

We design

We turn your content into eye-catching designs and visuals that communicate your message at its best.

Our methodology

How we deliver our projects

A clear, methodical process that ensures exceptional results, delivered on time.

1 Market & competitor analysis

We study your business, audience and competitors through a questionnaire and meetings that pinpoint your requirements.

2 Strategy

An action plan with a clear timeline, goals and deliverables — agreed and documented.

3 Execution & launch

We execute, deliver a draft for approval, then launch the campaigns and content.

4 Measurement & reporting

Monthly performance reports and regular review meetings.

5 Continuous optimization

We improve results month after month, driven by data.

How we serve you

Solutions tailored to you

We choose the right solution for your company's size, your project type and the team leading it.

By company size

- Small businesses
- Mid-sized companies
- Large enterprises

By project type

- New brand
- Identity redesign
- Marketing campaigns

By team

- Marketing team
- Product team
- Executive management

Our solutions: E-commerce store · Visual identity · UI design · Motion graphics · Social media designs · Performance analytics · Cloud contact center · Lead generation · AI customer service · WhatsApp Business · AI-powered ads

Wider reach, stronger results

Services index

Digital marketing

We deliver end-to-end digital marketing services that help businesses across the GCC reach their audiences. We start by studying your business and analyzing the market and competitors, then build a clear strategy that turns visibility into real customers and sales.

Social media marketing
Account management, content creation and campaign execution.

Paid advertising PPC
Snapchat, TikTok, Instagram, Facebook, Google and X.

Search engine optimization SEO
Ranking your site higher for target keywords.

GEO & AEO
Visibility in AI and answer-engine responses.

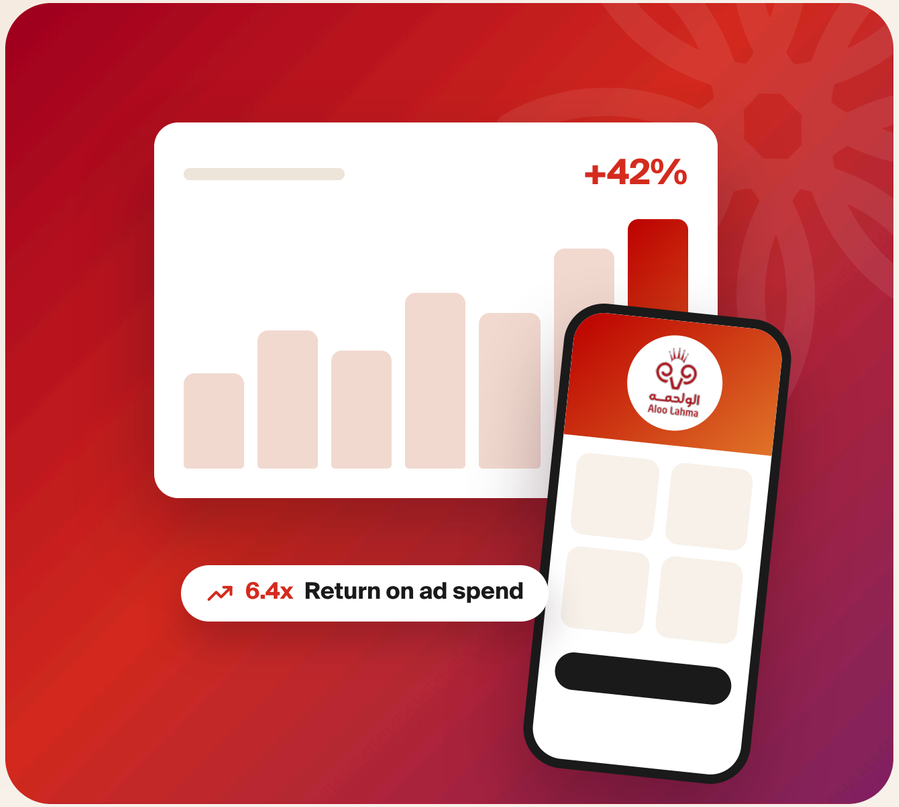

Conversion rate optimization CRO
Landing pages and experiences that turn visitors into customers.

Email & SMS
Personalized campaigns with high open and engagement rates.

Content marketing & creation
Valuable content that attracts your audience.

Amazon, noon & Shahid ads
Campaigns within marketplaces and streaming platforms.

Data analysis & reporting
Regular reports for data-driven decisions.

How we deliver the service

1. Market & competitor analysis
2. Marketing strategy development
3. Campaign & content launch
4. Performance measurement & reporting
5. Continuous optimization & growth

Service 01 · B
Digital Marketing

Services index

Search engines & AI

We rank your pages at the top of search results and in AI tool answers, and turn visits into customers — with monthly reports and performance analysis.

SEO

Search engine optimization

We raise your pages' rankings in Google results for target keywords, bringing you a steady flow of new and potential visitors.

SEM

Search engine marketing

Professional Google Ads management to reach customers fast and grow traffic and sales.

GEO

AI search visibility

We optimize your content to be cited in ChatGPT, Gemini and Perplexity answers.

AEO

Answer engine optimization

Content that appears as a direct answer: Featured Snippets and voice search.

CRO

Conversion rate optimization

We analyze user experience and design landing pages that lift conversion rates.

Service 01 · C

Digital Marketing

Services index

Content, email & messaging

Content marketing & creation

Valuable content that attracts your audience: posts, articles, blogs, marketing copy and corporate profiles.

Email campaigns

A sending strategy based on customer interests, once or twice a month, to increase traffic and sales.

Email design

Image-led copy for consumers and fact-focused copy for businesses, for maximum response.

Best day to send

We analyze the target segment to find the day that drives the strongest response.

SMS marketing

Short, direct campaigns with offers and promotional content that boost engagement and sales.

Data analysis & reporting

Comprehensive regular reports that support data-driven decisions.

Service 02 / 15

New customers, tangible results

Services index

B2B lead generation

We build integrated lead generation systems that connect you with the right audience at the right time — through targeted ads, landing pages and data analysis — turning marketing from mere visibility into a steady source of customers.

Precise customer targeting
Your ideal audience, based on data and behavior.

Targeted ad campaigns
On Google and Meta at the lowest possible cost.

Professional landing pages
That lift conversions and turn visitors into customers.

WhatsApp & CRM integration
Leads reach your team directly.

LinkedIn targeting
Campaigns aimed at decision-makers and businesses.

Company data extraction
Accurate data that powers sales and outreach.

Performance Analytics & Reporting
Clear visibility into lead sources and quality.

Continuous Optimization
More customers at a lower cost.

Lead Management
Capture and follow up without missing a single opportunity.

How we deliver the service

1. Market & audience analysis
2. Lead generation strategy design
3. Campaign & landing page launch
4. Lead intake & organization
5. Performance analysis & optimization
