

Hello I am saed a graphic designer. I specialize in designing logos and creating identities for companies, products or services. And create projects with my own creativity. I am also open to making social media design cards. Let me help you achieve success in your project!

I am good at working on Adobe :
illustrator
Photoshop
After Effects
Premiere

Two years design experience for Pro Media Life Advertising Company. I worked on a lot of projects for companies in some different countries. I worked in a famous press. She has also worked as a freelancer on several freelance websites.
