

AHMAD SADEK

GRAPHIC DESIGNER

BRIEF

I am a Graphic designer with diverse experiences in Branding, Packaging, Wireframing, UX UI, Retouching, and photo manipulation. all combined with the application of design principles in both customer-centric and business-oriented approaches achieving marketing and communication objectives.

My 5+ years of experience range among different fields in Design and digital marketing, each experience has added to my mentality and knowledge new insights that enable me to achieve impressive results for my clients.

My passion and strong desire for Graphic design encourage me to obtain my clients' trust and I do my best to get the customers what they need to be designed professionally; however, all experiences have been accumulated for me a wealth of knowledge and practical lessons that can assure successful results in the future.
