

Hi, my name is Sama.
I studied graphic design,
and I work on freelance platforms
for two years.
have distinguished a certain
style in design that impressed a
lot, and my method was to use elements
from nature I cared a lot about
the good treatment with the quality of the design.
I mastered drawing well, and
photography, being learned and perfected
more at the university

I am good at all things in design.

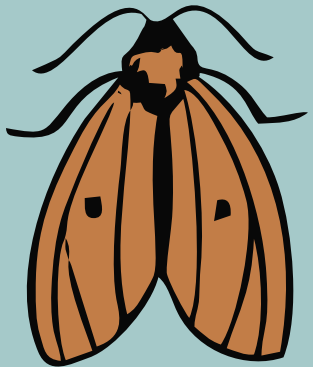

And worked in most areas before , but I specialized in social media designs and have designed many companies and projects before.

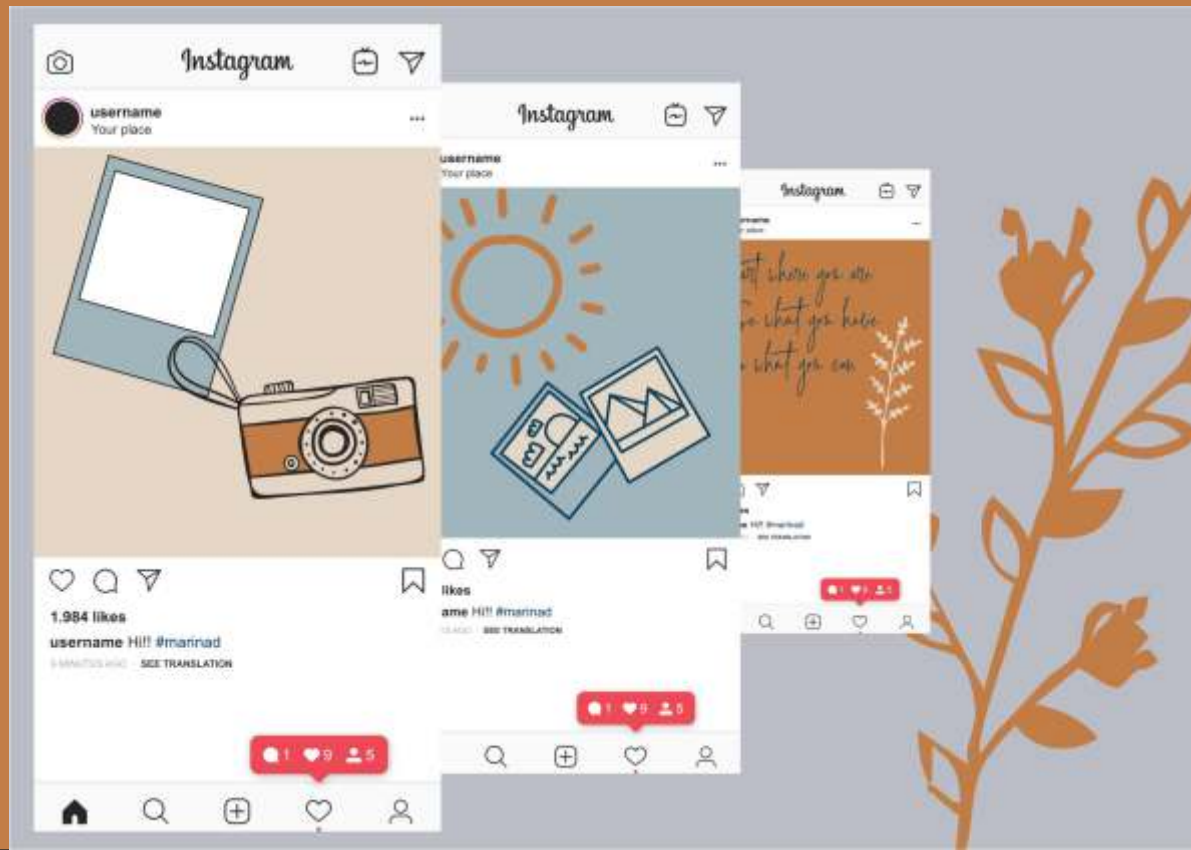

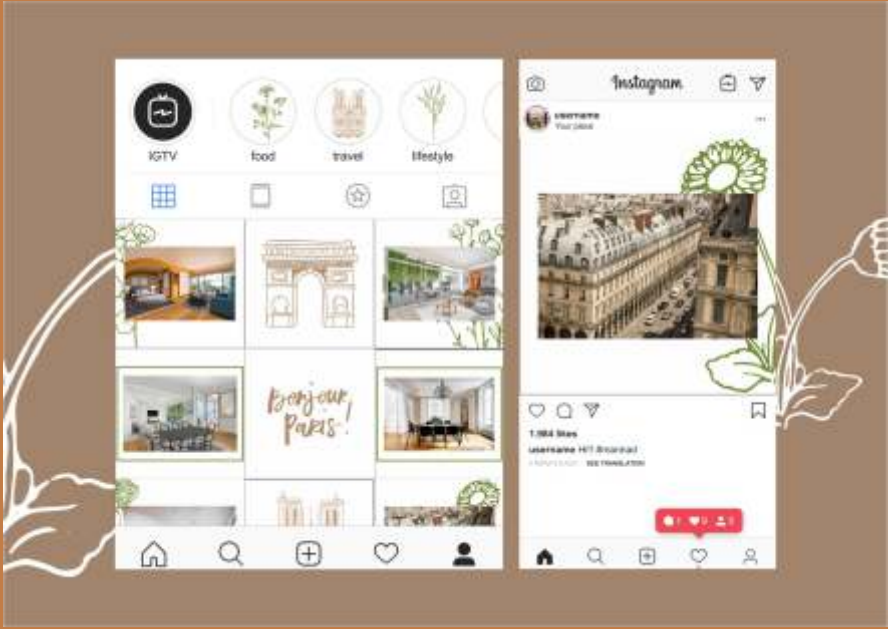

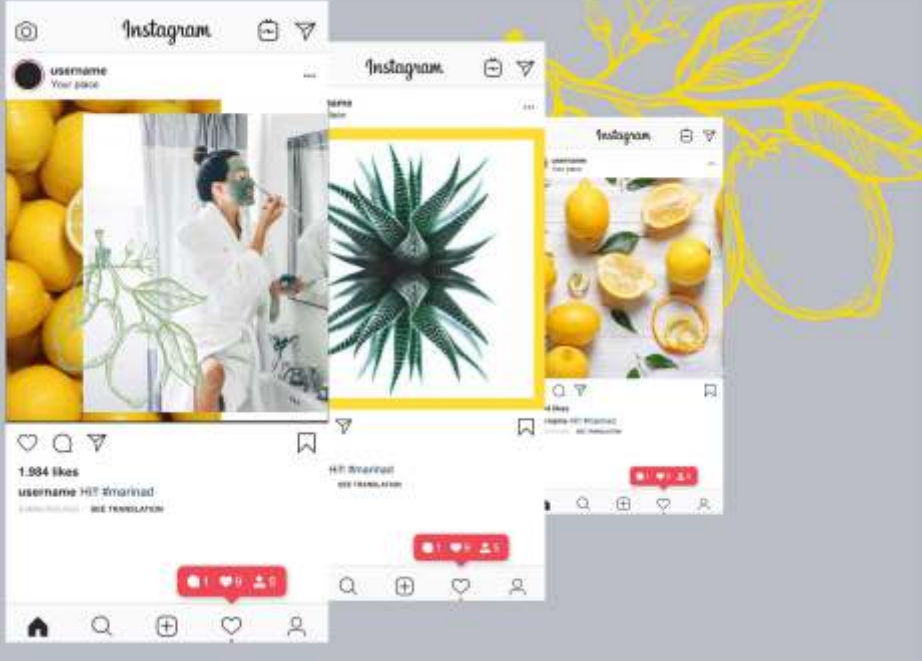

I have a degree in freelance work in the design field.
and in my work as a freelancer

I got a lot of excellent reviews on the site

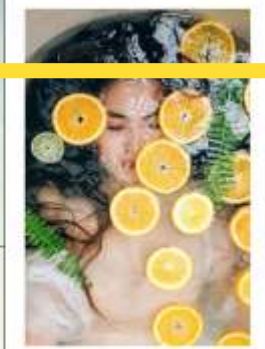

I do my thoughts refreshing every period
of time with visual nutrition

I like that people see new things and amaze them
